

# Pentecost Windmill

During Pentecost, the disciples could not see the Holy Spirit but they could feel wind blowing through the room and see tongues of fire. Use this windmill as a reminder that although we cannot see the wind or the Holy Spirit, their power is still around us.

## You will need:

- Pinwheel template
- Scissors
- Colouring pens or pencils
- Drawing pin
- Wooden dowel (approximately 30cm long)
- Sticky tack

## What to do:

1. Colour in the pinwheel template on both sides.
2. Cut out the pinwheel template along the dotted lines.
3. Fold the small circles at the ends of the sails in to meet the small circle of the pinwheel.
4. Carefully push the drawing pin through all the small circles at the centre.
5. Place the dowel behind the pinwheel and push the drawing pin into the dowel to secure the pinwheel to its handle. Don't push the drawing pin in too tightly, or the pin wheel won't spin.
6. Check the back of the dowel to ensure the sharp end of the drawing pin is not sticking out. Place some sticky tack over it if it is.

Now test your pinwheel outside on a windy day.
